TuneCrack - User's Manual (v1.01) Jun 17 2019 TuneCrack stands for: Crack the

tuning problem - Learn to tune instruments precisely. The importance of tuning is often underestimated. However, tuning is a necessary step for every performance. TuneCrack has exercises to improve your listening skill and your pitch transfer skill. Your listening skill is trained with the Precision Listening Method. Your task is to solve ever more challenging questions: until a precision to the cent. Your transfer skill is trained with the Pitch Keeper Method. First, the program introduces you to your personal Absolute Pitch Point. With appropriate exercises and feedback you learn how to take over a pitch and keep the sound in your mind for an ever-lengthier time period. Transferring a pitch and keeping it in your mind is an important step in understanding the musical center of a piece. Since humans can only express pitch by singing, the program listens to you and gives you feedback based on your singing: a colored pitch line shows, if you are too low, too high or on target. The program tracks your progress and lets you see the statistics in graphical form. Thus, your weak and strong points get visible. Eliminate weak points by training. Build upon and extend your strong points. With your strong points start building an absolute pitch repertoire.

Miniature Donkey. Miniature Donkey Owners Manual. Miniature Donkey Care, Environment, Health, Feeding and Breeding. Nov 15 2021 The Miniature Mediterranean Donkey, also known as the Miniature Donkey or simply the mini, hails originally from the Italian islands of Sardinia and Sicily. They are not just very small donkeys but an entirely separate species. They are the smallest of the equines and increasingly popular as pets. This book will introduce you to these little donkeys by discussing their appearance and biology, typical behaviour, reproduction, their feeding needs, socialisation and bonding, how to train them and what makes these adorable equines such wonderful pets. It will also tell you what you need to know in order to decide whether or not this is the pet for you - cuteness factor aside - and, if it is, where to buy one, how to select your mini, what you need to arrange and buy before you bring it home, and how to take proper care of it. The owner must know what these pint-sized, intelligent and very loving equines need with regards to their environment, feeding and social and mental lives in order to be both healthy and happy. The Miniature Mediterranean Donkey is susceptible to several of the same bacterial, parasitic and viral infections that standard donkeys and horses may contract. Anyone who is serious about owning one needs to know how to care for them, what to look for and how to deal with common conditions. Covered in this book: Care Costs Daily care Do's and don'ts Feeding Health History Intelligence One or two Personality Tips on buying Training Travelling ...and much more

***The Startup Owner's Manual* Sep 01 2020 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.**

Dalmatian Training Nov 22 2019 Dalmatian Training - Dog Training for your Dalmatian puppy The training of dogs is often... .. confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ... replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Dalmatian profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is "normal" for him and how you can use this to your advantage. In addition, the characteristics of each breed are significant when you get beyond the basic training phase. Your Dalmatian will show characteristics which are different to those of a Husky, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Dalmatian training books. Vol. 2 for your grown up Dalmatian is also available with the title "Dalmatian Training Vol. 2: Dog Training for your grown-up Dalmatian" Author Claudia Kaiser says about her book: "It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship." Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-

step instructions and secret tips which are tailor-made for your Dalmatian. Get your copy of this book today and experience... .. how your Dalmatian sees his world ... and how you can progressively train your dog to receive the best results. Your Dalmatian will appreciate it... .. so this is my advice: Don't hesitate to buy this book! Content of this book: About the Author Preface What you need to know about your Dalmatian Cornerstones of training puppies Before the puppy arrives The first few weeks The first commands Training basic knowledge Check list for the start Conclusion
