The Parent / Teacher Guide to Children's Books on Peace and Tolerance offers readers a wide variety of award-winning titles along with annotations and grade level recommendations. The book is divided into the following sections: Preschool - grade three Grades 4 - 6 Middle school, and High school. Each section has over 100 listings. Topics include civil rights, the Holocaust,

slavery, Native Americans, bullying, war, child abuse, bigotry, cooperation, acceptance, apartheid, family relationships, Arab/Israeli conflict, controlling anger, the Civil War, the Vietnam War, WWII, gays and lesbians, and other social issues. Many of these books are the recipients of the following awards and honors: Newbery Award, School Library Journal (starred review), Caldecott Award, Boston Globe Horn Book Award, American Library Association Notable Book, Jane Addams Children's Book Award, American Bookseller - Pick of the List, Kirkus Reviews (starred review), Publishers Weekly (starred review), Booklist (starred review), Coretta Scott King Award, VOYA Top Picks, National Book Award, and the Michael L. More Bullies in More Books Aug 05 2020 Following on the success of her first book *The Bully in the Book* and in the Classroom, C. J. Bott has written this sequel to help those who work with children and young adults become familiar with books that address the problem of bullying. *More Bullies in More Books* presents over 350 annotated titles, from picture books to high school books, dealing with bullying. Chapters address specific bullying behaviors or problems: name calling, putdowns, and gossip; being new and different; body image; cliques, groups, and gangs; 'isms;' homophobia; cyberspace; and violence. Each chapter begins with an introduction that describes the harassment seen most often in each grade level and contains relevant books at all reading levels. Every entry features an in-depth summary, activities, and quotes from the book for students to discuss. An important resource about a real and harmful problem, this book will be of interest to teachers, librarians, counselors, administrators, and parents.

Diversity and Multiculturalism Nov 27 2019 This reader demands that we understand diversity and multiculturalism by identifying the ways in which curriculum has been written and taught, and by redefining the field with an equitable lens, freeing it from the dominant cultural curriculum. The book problematizes the issue of whiteness, for instance, as not being the opposite of blackness or «person-of-colorness», but rather a meta-description for our dominant culture. Issues are also addressed that are usually left out of the discussion about diversity and multiculturalism: this reader includes essays on physical diversity, geographic diversity, and difference in sexualities. This is the quintessential collection of work by critical scholars committed to redefining the conversation on multiculturalism and diversity.

Unpacking the Loaded Teacher Matrix Jul 04 2020 What issues in English teacher education are sidestepped because they are too loaded to address? What aren't we talking about when we discuss classroom management, censorship, standardized tests, media literacy, social justice issues, the standards, and technology? What really matters to novices entering the profession? The authors in this book wrestle with the disparities between preservice English teacher instruction and secondary school space as the two collide, and describe the tools that preservice English teachers need to negotiate and navigate between theory and practice. This book answers these questions and offers groundbreaking insights about liberatory pedagogy for how teacher educators can mentor preservice teachers on touchy issues, providing them with tools to reach today's students.

Teaching Drama in the Classroom Aug 17 2021 This book includes strategies for integrating drama in the classroom through the use of creating characters, giving meaning to activities through answering the questions: who, what, when, where, and why about any person and situation under discussion (5 W's), using storyboards, incorporating music, writing radio scripts, and using literature and movies as prompts for improvised enactments. Students will learn how to create characters and apply those creations to different content-area activities, situations, and subject matter. This useful resource describes more than thirty-five scenarios of teachers and students in early elementary grades through graduate school working together to craft drama events that draw out participants' creative energies, interpretations of curricular topics, and investigations of social, political, and personal concerns. In all of these lesson plans, students collectively explore topics, concepts, themes, or tensions that surface as they navigate their way through the conditions and experiences that unfold in a scene, skit, improvisation, or in interrelated episodes. [that] crackles with suspense” (Publishers Weekly). The close-knit residents of Hackett Island have never seen anyone quite like Lani Garver. Everything about this new kid is a mystery: Where does Lani come from? How old is Lani? And most disturbing of all, is Lani a boy or a girl? Popular Claire McKenzie isn't up to tormenting Lani with the rest of the high school elite. Instead, she decides to befriend the intriguing outcast. But within days of Lani's arrival, tragedy strikes, and Claire is left questioning herself, her friendships, and, most interesting of all, the possibility that angels may exist on earth. “Gripping.”—YM Magazine “Prejudice, homophobia, friendship, tolerance, individuality, and the possibility that something spiritually bigger than all of us rules this universe are wonderfully woven into this powerfully told story. Outstanding writing, strong characterization, and riveting plot development make this title rise above many recent coming-of-age stories.”—School Library Journal “The characterizations are superb . . . The hint of supernatural only adds to the appeal. Successfully raising many valid issues, this should appeal to teens from the popular to the marginalized.”—Kirkus Reviews “Lani's androgyny and his angelic possibilities are intriguingly played out.”—Booklist *Best Books for Young Adults* Dec 21 2021 Provides reviews for classic and contemporary young adult books, identifies teenagers' interests and best book selections, and includes guidelines for creating reading lists of both young adult and suitable adult literature.

Incorporating LGBTQ+ Identities in K-12 Curriculum and Policy Mar 31 2020 Educators in the K-12 school environment work diligently to help at-risk students find success in the classroom. One particular group of at-risk students is the LGBTQ+ population. K-12 students who identify as lesbian, gay, bisexual, transgender, or queer often fear the repercussions of disclosing this information in the classroom environment. Homophobia from fellow students, faculty, and/or administrators can be in the form of bullying, lack of acknowledgement of identity, absence in curriculum, etc. There is a strong need for this group of students to be included in the landscape of curriculum design and policymaking. *Incorporating LGBTQ+ Identities in K-12 Curriculum and Policy* is a critical research publication that provides comprehensive research on inclusive curriculum design and education policy that specifically impacts LGBTQ+ students. Featuring an array of topics such as gender diversity, mental health services, and preservice teachers, this book is essential for teachers, counsellors, school psychologists, therapists, curriculum developers, instructional designers, principals, school boards, academicians, researchers, administrators, policymakers, and students.

The Heart Has Its Reasons Aug 24 2019 Society does not make it easy for young people, regardless of their sexual orientation, to find accurate, nonjudgmental information about homosexuality. It makes it even more difficult for young homosexuals to find positive role models in fiction either written or published expressly for them or - if published for adults - relevant to them and their lives. This book examines these issues and critically evaluates the body of literature published for young adults that offers homosexual themes and characters.

Fire Will Fall Feb 08 2021 The four teen survivors from *Streams of Babel* face a new terroristic threat in a thriller that “will keep readers enthralled right up to the climax” (School Library Journal). *ShadowStrike* poisoned the water of Trinity Falls two months ago. Now the Trinity Four, the teens most affected by the poison, have been isolated in a remote mansion under

twenty-four-hour medical care while scientists on four continents rush to discover a cure. Meanwhile, US operatives scour the world for the bioterrorists responsible for this heinous crime, as two teen virtual spies, also infected, hunt for the criminals on the Internet. The danger remains real—for ShadowStrike has every reason to pursue the Trinity Four, and their evil plan will unleash a new designer virus that's even deadlier than the first. "Figuring out whom to trust gets harder for everyone, including the reader, and the narrative picks up speed. Sexual tension and fragile relationships are part of the story as much as the terrorist hunt is, and the two couples' fears about their own possible impending mortality will captivate a high-school audience." —Booklist

They Hurt, They Scar, They Shoot, They Kill Nov 07 2020 Young adults live in a violent culture, so trying to protect them from the world they live in is not only futile but can also be dangerous. No matter their ethnicity, social class, or economic status, teens must know how to survive the perils that may await them. Most teens understand this, and they want books, television shows, and films to reflect the reality of their world—the bad along with the good. In *They Hurt, They Scar, They Shoot, They Kill: Toxic Characters in Young Adult Fiction*, Joni Richards Bodart examines works of fiction that feature characters who threaten the psychological and physical well-being of teens and their friends and families. In this companion volume to *They Suck, They Bite, They Eat, They Kill*, the focus is on individuals who prey on the vulnerable: bullies, manipulators, torturers, sexual predators, and sadists. The novels and stories discussed in this volume feature adult criminals or predators who look for young people to ensnare; school personnel who interact with students in harmful ways; teens who bully others in order to hide their own fears and weaknesses; and parents, siblings, and others who mistreat family members. Arranged in five sections that cover such topics as bullies, school shootings, and monsters at home, this volume analyzes the most important and well-written series and titles for teens. *They Hurt, They Scar, They Shoot, They Kill* will help parents, teachers, and other adults understand the value of these titles and the benefits of reading them, so they will be less likely to forbid them to their teens or challenge library collections for carrying them.

Are the Kids All Right? Jun 26 2022 Epstein explores why sex, sexuality and gender non-conformity is something that many writers and publishers of children's and young adult lit appear to shy away from. She demonstrates that the information children get from literature matters, and that so called 'difficult' topics can be communicated in entertaining and informative ways. Uses ideas from queer theory and other research to interrogate the ways LGBTQ characters are portrayed in books for children and young people, and to analyse what messages readers of such books might receive. Includes detailed analysis of over 60 picture books, middle-grade books and young adult novels by authors such as Nancy Garden, Julie Ann Peters, Alex Sanchez, David Levithan, Lesléa Newman, Marcus Ewart, Cris Beam and many others. This book brings together literary studies, sociology, queer studies and other academic fields in an accessible manner, where the research supports the detailed analyses of over 50 books for children and young adults. Epstein looks at a range of topics, such as the lack of diversity in many of these works, how same-sex marriage is portrayed, the relative absence of bisexual and transgender characters, the way that many of these books are marketed and intended as 'issue books', and more. A practical and informative book to inspire writers and publishers to produce better LGBTQ literature for young readers.

The Big Book of Teen Reading Lists Oct 19 2021 Presents a collection of book lists for teenagers, featuring both fiction and nonfiction titles.

Gender(ed) Identities Sep 17 2021 This volume brings together diverse, cross-disciplinary scholarly voices to examine gender construction in children's and young adult literature. It complements and updates the scholarship in the field by creating a rich, cohesive examination of core questions around gender and sexuality in classic and contemporary texts. By providing an expansive treatment of gender and sexuality across genres, eras, and national literature, the collection explores how readers encounter unorthodox as well as traditional notions of gender. It begins with essays exploring how children's and YA literature construct communities formed by gender, ethnicity, sexuality, and in face-to-face and virtual spaces. Section II's central focus is how gendered identities are formed, unpacking how texts for young readers ranging from Amish youth periodicals to the blockbuster *Divergent* series trace, reproduce, and shape gendered identity socialization. In section III, the essential literary function of translating trauma into narrative is addressed in classics like *Anne of Green Gables* and *Pollyanna*, as well as more recent works. Section IV's focus on sexuality and romance encompasses fiction and nonfiction works, examining how children's and young adult literature can serve as a regressive, progressive, and transgressive site for construction meaning about sex and romance. Last, Section IV offers new readings of paratextual features in literature for children -- from the classic tale of *Cinderella* to contemporary illustrated novels. The key achievement of this volume is providing an updated range of multidisciplinary and methodologically diverse analyses of critically and commercially successful texts, contributing to the scholarship on children's and YA literature; gender, sexuality, and women's studies; and

a range of other disciplines.

Teaching, Affirming, and Recognizing Trans and Gender Creative Youth Jul 28 2022 Winner of the 2018 Outstanding Book by the Michigan Council Teachers of English Choice magazine as an Outstanding Academic Title for 2018 Winner of the 2017 AERA Division K (Teaching and Teacher Education) Exemplary Research Award This book draws upon a queer literacy framework to map out examples for teaching literacy across pre-K-12 schooling. To date, there are no comprehensive Pre-K-12 texts for literacy teacher educators and theorists to use to show successful models of how practicing classroom teachers affirm differential (a)gender bodied realities across curriculum and schooling practices. This book aims to highlight how these enactments can be made readily conscious to teachers as a reminder that gender normativity has established violent and unstable social and educational climates for the millennial generation of lesbian, gay, bisexual, transgender, intersex, (a)gender/(a)sexual, gender creative, and questioning youth.
