Thoroughly theological, Davis's volume provides both instruction and insight for understanding prophecy in Christian tradition and discipleship. This volume concludes with a rich discussion of practical matters, including the relationship between Christian discipleship and prophetic interpretation and the role of biblical prophecy in interfaith contexts.

It looks at scriptures about the rapture of the church, the time of tribulation, the anti-christ, Armageddon, and the return of the Lord Jesus Christ. It argues for a literal interpretation of the Bible, and opposes the Amillennialist view of the end times. It looks at the signs that Jesus said would indicate His coming is near, including the fact that Israel is again a nation. It is the author's conclusion that the Lord will return for His believers very soon. William Bergsma was born in the Netherlands in 1927. The Mystery of Prophecy May 29 2022 Forty years ago, the Holy Spirit told Harlan Legare, "If you study, I will teach you." With that promise came a great love for God's prophetic word. The teaching of the Holy Spirit began with an understanding of the prophecies of Daniel, the key to understanding the words of many of the other prophets, especially those of Zachariah and those of John in the book of Revelation. Here are just a few of the many mysteries of prophecy revealed in *The Mystery of Prophecy: The Secrets of Daniel* that were revealed to Harlan by the Holy Spirit through those years: The time of the Rapture within the schedule of events of the coming days The marvelous truth of the days of 1335, the beginning of birth pangs of the rebirth of the nation of Israel. The real identity of the infamous head of the beast that was wounded unto death by the sword. Proof that the Antichrist will not rule the world. The key to the mystery of Babylon the Great and the scarlet-colored beast she rides. The origin of the Antichrist. The true purpose for the existence of the Red Dragon with seven heads and ten horns. A complete interpretation of the Beast from the Sea with its seven heads and ten horns. The exact date of the crucifixion of Jesus. The exact day of Artaxerxes's command to restore and to build Jerusalem. The very place where Israel was to flee for the 1,260 days of protection. Revealing of the identity of the coming King of the North. The event that begins the 2300 evenings and mornings. Why God sealed the book of Daniel.

Prophecy Games Mar 03 2020 This book is a small collection of some of the most popular prophecies found in the Bible with an emphasis on explaining how you can find links between prophecies one author recorded to the fulfillment another author recorded. The lessons are presented in the exact order found in the Bible. This is not a game, but a sincere presentation showing exactly how the Bible provides answers to every question we could possibly have about God's recorded word. In short, this book shows how only an all powerful, all knowing, infinite God could have written the collection of books this world refers to as the Bible by explaining how each of those stories are linked together in a way no human could have achieved without divine guidance.

Prophets, Prophecy, and Ancient Israelite Historiography Sep 08 2020 The 18 essays by members of the Canadian Society for Biblical Studies published in this volume showcase the work of leading authorities on ancient Israelite and Jewish historiography as it intersects with the phenomenon of prophecy. A deep divide exists between the traditions of historiography and prophecy in the academic study of the Hebrew Bible, and the concern of the contributors is to close that gap, to expose the close relationship between these two traditions in the literature of the Hebrew Bible. The first section of the book explores prophecy and prophets in ancient Israelite and Jewish historiographic books (Torah, Deuteronomistic History, Chronicles, Ezra–Nehemiah, Second Temple Jewish historiography). The second section surveys

historiography in Israelite and Jewish prophetic books (Isaiah, Jeremiah, Ezekiel, Book of the Twelve, Daniel, 1 Enoch). The contributors engage diverse methodological perspectives in these studies, the goal first being to show the role that the prophets played within the great Hebrew historiographic works and, second, to demonstrate the role that historiography plays within the great Hebrew prophetic works; this makes it clear that the influence is bidirectional. Prophets, Prophecy, and Ancient Israelite Historiography will be of value for advanced students and scholars working on historiographic and prophetic materials in the ancient Israelite and Jewish traditions, featuring the best of research and analysis and interacting with many major ancient literary traditions of historiography and prophecy.

The Art of Prophecy Jun 25 2019 A “superb fantasy saga” (Helene Wecker) of martial arts and magic, about what happens when a prophesied hero is not the chosen one after all—but has to work with a band of unlikely allies to save the kingdom anyway, from the #1 New York Times bestselling author of *The Lives of Tao* “An ambitious and touching exploration of disillusionment in faith, tradition, and family—a glorious reinvention of fantasy and wuxia tropes.”—Naomi Novik, New York Times bestselling author of *A Deadly Education* So many stories begin the same way: With a prophecy. A chosen one. And the inevitable quest to slay a villain, save the kingdom, and fulfill a grand destiny. But this is not that kind of story. It does begin with a prophecy: A child will rise to defeat the Eternal Khan, a cruel immortal god-king, and save the kingdom. And that prophecy did anoint a hero, Jian, raised since birth in luxury and splendor, and celebrated before he has won a single battle. But that’s when the story hits its first twist: The prophecy is wrong. What follows is a story more wondrous than any prophecy could foresee, and with many unexpected heroes: Taishi, an older woman who is the greatest grandmaster of magical martial arts in the kingdom but who thought her adventuring days were all behind her; Sali, a straitlaced warrior who learns the rules may no longer apply when the leader to whom she pledged her life is gone; and Qisami, a chaotic assassin who takes a little too much pleasure in the kill. And Jian himself, who has to find a way to become what he no longer believes he can be—a hero after all.

Interpretation of Tongues and Prophecy in 1 Corinthians 12-14, with a Pentecostal Hermeneutics Aug 08 2020 Bringing “spiritual experience” into the domain of biblical hermeneutics, this book will certainly stimulate current debates within this field, among both Pentecostals and Christians of other traditions. The author also applies a Pentecostal hermeneutical methodology to Paul’s teaching on tongues and prophecy in 1 Corinthians 12–14, opening possibilities to a Pentecostal pneumatology that tends instead to focus on the Lukan narrative. Paul’s texts are reconsidered not as doctrinal or situational documents but as dynamic communication within a living community.

Prophecy Aug 27 2019 More than any other topic, prophecy represents the point at which the Divine meets the human, the Absolute meets the relative. How can a human being attain the Word of God? In what manner does God, when conceived as eternal and transcendent, address corporeal, transitory creatures? What happens to God's divine Truth when it is beheld by minds limited in their power to apprehend, and influenced by the intellectual currents of their time and place? How were these issues viewed by the great Jewish philosophers of the past, who took the divine communication and all it entails seriously, while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention? This book offers an in-depth study of prophecy in the

thought of seven of the leading medieval Jewish philosophers: R. Saadia Gaon, R. Judah Halevi, Maimonides, Gersonides, R. Hasdai Crescas, R. Joseph Albo and Baruch Spinoza. It attempts to capture the 'original voice' of these thinkers by looking at the intellectual milieus in which they developed their philosophies, and by carefully analyzing their views in their textual contexts. It also deals with the relation between the earlier approaches and the later ones. Overall, this book presents a significant model for narrating the history of an idea.
