2021 we d like to say this will be a one time installation but
only fools think electronics last forever even if it works for 10
years you ll want to upgrade to a nicer camera with a clearer
advanced linux sound architecture archwiki Oct 19 2021 also has
some ability to intercept oss calls and re route them through also
instead this emulation layer is useful e g for legacy applications
which try to open dev dsp and write sound data to them directly
without oss or the emulation library dev dsp will be missing and
the application will not produce any sound if you want oss
applications to work with dmix install
