At last there is a resume book that shows firefighters how to best present their qualifications, credentials, licenses, experience, volunteer work, education and training, affiliations, and other information. Would-be firefighters as well as experienced firefighting professionals will find outstanding samples of resumes and cover letters that worked for real people in their field. A special section of the book shows firefighters how to apply for government jobs and how to write the specialized resumes needed to apply for federal employment. As part of that section on the federal hiring process, the book shows how to write KSAs (statements describing Knowledge, Skills, and Abilities). Voices of the Oral Deaf May 29 2022 The deaf world is a complex one, divided by the allegiance of some to Deaf Culture, which emphasizes communication by sign-language, and by others to oralism, which emphasizes speech as the primary means of communication, and still others to a program called Total Communication, which stresses both signing and speaking. Today, more and more deaf people, especially children, are choosing oralism because it helps them fit into mainstream society better. This work presents interviews with fourteen extraordinary oral deaf role models from diverse backgrounds and professions. Wall Street banker Ralph Marra, paralegal Kristin Buehl, 1984 Olympic gold medalist Jeff Float, percussionist Evelyn Glennie, engineer George Oberlander, university mathematics professor Dr. David James, law professor Bonnie Poitras Tucker, executive Carolyn Ginsburg, foundation head Mildred Oberkotter, architect Tom Fields, accountant and institute executive director Ken Levinson, finance manager Michael Janger, school administrator Kathleen Suffridge Treni, and teacher Karen Kirby tell of their experiences and stories, discuss what helped and what hindered them, and offer advice to parents of deaf children. Instructors considering this book for use in a course may request an examination copy here.
