Leadership in East Asia Nov 19 2021 This book compares and contrasts leadership in Japan, South Korea and China, examining the impact of globalization on leadership styles and trends. Presenting some of the most recent findings in leadership studies in these three countries, the collection explores the power relationship between political and business leaders; employer-employee relationships and pro-social behaviour; the measurement of effective leadership; the relationship between leadership and corporate success; the survival of private firms in a tightly controlled or socialist market; and the evolution of leadership styles in the transition from state-owned to semi-private. Although many studies have offered explanations of East Asian economic and corporate success, this book presents empirical evidence to explain the leadership styles in Japan, South Korea and China, and provides a fresh outlook for those studying business and leadership in the region. This book was originally published as a special issue of the Asia Pacific Business Review.

Peterson's Graduate Programs in Business, Education, Health, Information Studies, Law & Social Work 2012 Feb 29 2020 Peterson's Graduate Programs in Business, Education, Health, Information Studies, Law & Social Work 2012 contains a wealth of info on accredited institutions offering graduate degrees in these fields. Up-to-date info, collected through Peterson's Annual Survey of Graduate and Professional Institutions, provides valuable data on degree offerings, professional accreditation, jointly offered degrees, part-time & evening/weekend programs, postbaccalaureate distance degrees, faculty, students, requirements, expenses, financial support, faculty research, and unit head and application contact information. There are helpful links to in-depth descriptions about a specific graduate program or department, faculty members and their research, and more. Also find valuable articles on financial assistance, the graduate admissions process, advice for international and minority students, and facts about accreditation, with a current list of accrediting agencies.

Advanced Software Testing - Vol. 1, 2nd Edition Sep 25 2019 ''This book teaches test managers what they need to know to achieve advanced skills in test estimation, test planning, test monitoring, and test control. Readers will learn how to define the overall testing goals and strategies for the systems being tested. This hands-on, exercise-rich book provides experience with planning, scheduling, and tracking these tasks. You'll be able to describe and organize the necessary activities as well as learn to select, acquire, and assign adequate resources for testing tasks. You'll learn how to form, organize, and lead testing teams, and master the organizing of communication among the members of the testing teams, and between the testing teams and all the other stakeholders. Additionally, you'll learn how to justify decisions and provide adequate reporting information where applicable. With over thirty years of software and systems engineering experience, author Rex Black is President of RBCS, is a leader in software, hardware, and systems testing, and is the most prolific author practicing in the field of software testing today. He has published a dozen books on testing that have sold tens of thousands of copies worldwide. He is past president of the International Software Testing Qualifications Board (ISTQB) and a director of the American Software Testing Qualifications Board (ASTQB). This book will help you prepare for the ISTQB Advanced Test Manager exam. Included are sample exam questions, at the appropriate level of difficulty, for most of the learning objectives covered by the ISTQB Advanced Level Syllabus. The ISTQB certification program is the leading software tester certification program in the world. With about 300,000 certificate holders and a global presence in over 50 countries, you can be confident in the value and international stature that the Advanced Test Manager certificate can offer you. This second edition has been thoroughly updated to reflect the new ISTQB Advanced Test Manager 2012 Syllabus, and the latest ISTQB Glossary. This edition reflects Rex Black's unique insights into these changes, as he was one of the main participants in the ISTQB Advanced Level Working Group''--

Black American Military Leaders Nov 07 2020 This book is a revision, with greatly expanded inclusion criteria, of the 1993 African American Generals and Flag Officers: Biographies of Over 120 Blacks in the United States Military. It offers detailed, career-oriented summaries for men and women who often overcame societal obstacles to become ranking members of the armed forces. Persons from all branches are now included (Army, Navy, Air Force and Marine Corps), as well as the National Guard and Reserves.

Leverage Leadership 2.0 Jun 02 2020 Cut through the mystique to learn the real drivers of great school leadership Leverage Leadership 2.0 answers the basic question: what do great school leaders do that separates them from the rest? Rooted in the observation and training of over 20,000 school leaders worldwide, Leverage Leadership 2.0 offers a practical, updated and easier-to-use follow-up to the original, with field-tested techniques and actionable advice. As educational leaders around the world implement Leverage Leadership ideas, their collective stories have revealed a simple framework by which the seven levers may be implemented: See It, Name It, Do It. This book aligns classic Leverage Leadership principles with this proven framework to streamline implementation and help good leaders become great. Expert discussion and real-life success stories prove that effective leadership is not about innate charisma, charm, or personality—it's about how a leader uses their time. Aimed at all levels of school leadership, this book shows you what to do, and how and when to do it. The companion DVD includes 30 real-world videos that showcase effective leadership happening in our schools right now, and all templates, tools, and other professional development materials have been fully refreshed with a renewed focus on real-world implementation. Informational, inspirational, and highly motivational, this book explores the separate components of success and what it looks like as a whole. Learn the core principles of effective leadership Understand what success looks like on the ground Practice the seven levers of leadership that allow transformational growth Adopt the tools and techniques that facilitate a schoolwide transformation Educational leaders from a diverse array of schools around the world have found unprecedented success using the key principles detailed in Leverage Leadership, and this book is inspired — and informed — by their stories. Leverage Leadership 2.0 is the practical resource school leaders need to start making real change happen today.

Leader Mentoring Feb 08 2021 Mentoring differs from instruction, teaching, and coaching in that it emphasizes not talents and skills used in executing a project, but the qualities and values of life needed to sustain oneself in the creative endeavor. In Leader Mentoring, author Michael Shenkman makes the case for leader mentoring. "No mentors, no leaders," he says. Yet, this great, ancient, and necessary catalyst for learning has been neglected by our training and development industry. For any executive who wants to succeed, coaching has proven its worth. But mentoring touches something else: how managers can shape their lives so that they can step into larger challenges and risks to accomplish something greater than they ever have before. This book looks at the true significance of mentoring, as well as the tradition and spirit that motivates it. In addition, Shenkman's colleagues and clients share their own life-changing mentoring experiences. Today, at a time when great leaders need to be found and set to work, Leader Mentoring shows the way.

Die 5 Dysfunktionen eines Teams Jul 24 2019 Nach ihren ersten zwei Wochen als neuer CEO von DecisionTech fragte sich Kathryn Petersen angesichts der dortigen Probleme, ob es wirklich richtig gewesen war, den Job anzunehmen. Sie war eigentlich froh über die neue Aufgabe gewesen. Doch hatte sie nicht ahnen können, dass ihr Team so fürchterlich dysfunktional war und die Teammitglieder sie vor eine Herausforderung stellen würden, die sie niemals zuvor so erlebt hatte ... In "Die 5 Dyfunktionen eines Teams" begibt sich Patrick Lencioni in die faszinierende und komplexe Welt von Teams. In seiner Leadership-Fabel folgt der Leser der Geschichte von Kathryn Petersen, die sich mit der ultimativen Führungskrise konfrontiert sieht: die Einigung eines Teams, das sich in einer solchen Unordnung befindet, dass es den Erfolg und das Überleben des gesamten Unternehmens gefährdet. Im Verlauf der Geschichte enthüllt Lencioni die fünf entscheidenden Dysfunktionen, die oft dazu führen, dass Teams scheitern. Er stellt ein Modell und umsetzbare Schritte vor, die zu einem effektiven Team führen und die fünf Dysfunktionen beheben. Diese Dysfunktionen sind: - Fehlendes Vertrauen, - Scheu vor Konflikten, - Fehlendes Engagement, - Scheu vor Verantwortung, - Fehlende Ergebnis-Orientierung. Wie in seinen anderen Büchern hat Patrick Lencioni eine fesselnde Fabel geschrieben, die eine wichtige Botschaft für alle enthält, die danach streben, außergewöhnliche Teamleiter und Führungskräfte zu werden.

Clinical Nurse Leader Certification Review, Third Edition Jun 14 2021 Includes 6 months free ExamPrepConnect Digital Access with print purchase! The third edition of this gold standard for CNL certification review continues to provide healthcare facilities and clients with validation of the qualifications and knowledge of this advanced nursing generalist practice role. This certification review is a product of Dr. King's rigorous exam preparation course, which resulted in a 100% pass rate among students. This review serves as a helpful guide for faculty on how to design CNL review courses, and has been used to teach in CNL programs, as well as for students and nurses preparing to take the exam. Following an introductory section examining the CNL role, how to make the best use of the review, and strategies for taking tests, this text is organized to reflect the latest exam content outline, mirroring the domains and subdomains of the exam. It provides detailed information on how to analyze and interpret exam questions, disseminates expert test-taking skills, and offers a detailed content review of everything you need to know for exam success. It delivers new information corresponding to the new Commission on Nurse Certification (CNC) outline, with updated chapters on healthcare advocacy and ethics, lateral integration, interprofessional skills, team coordination, and evidence-based practice. New to the Third Edition: Reflects updates and revisions based on the most recent exam content outline Provides 200 new multiple-choice Q&As with rationale created from scratch Delivers 16 new unfolding case studies Offers new objectives, updated summaries, and innovative review activities to reinforce material in each chapter Key Features: Explains how to analyze and interpret questions for exam success Promotes savvy test-taking skills Includes a comprehensive exam with answers and rationales Includes an expanded glossary and additional tables and figures Provides easy access to information with an appendix that cross-references questions to appropriate exam content topics

Focusing Solutions for Data Mining Dec 21 2021 In the first part, this book analyzes the knowledge discovery process in order to understand the relations between knowledge discovery steps and focusing. The part devoted to the development of focusing solutions opens with an analysis of the state of the art, then introduces the relevant techniques, and finally culminates in implementing a unified approach as a generic sampling algorithm, which is then integrated into a commercial data mining system. The last part evaluates specific focusing solutions in various application domains. The book provides various appendicies enhancing easy accessibility. The book presents a comprehensive introduction to focusing in the context of data mining and knowledge discovery. It is written for researchers and advanced students, as well as for professionals applying data mining and knowledge discovery techniques in practice.
