compelling and thought-provoking current examples to stimulate learning and excitement. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Sherlock Holmes Quiz Book Jul 28 2022 The Game is Afoot! Step out of your hansom cab and onto the foggy streets of Edwardian London with The Sherlock Holmes Quiz Book, a comprehensive collection of fun and challenging trivia about the adventures of the inimitable detective who intellectual feats overwhelmed criminals and Scotland Yard alike. Kathleen Kaska offers brainteasers on each story about the detective and his associate Dr. Watson, as well as the background on how Sir Arthur Conan Doyle's own experiences contributed to his literary work. She covers all of the different ways Holmes has been adapted including the recent Robert Downey Jr. films, and TV shows featuring Benedict Cumberbatch and Johnny Lee Miller.

Summary of The Alice Network Oct 26 2019 Summary of The Alice Network - A Comprehensive Summary The Alice Network by Kate Quinn tells the story of unlikely friends and their quest for revenge on a brutal man. Evelyn "Eve" Gardiner left her job as a spy in WWI to kill René, a warfare profiteer whom she blamed for the loss of the life of her best friend. Eve believed she would never get the revenge she desired when she was told René was dead. Many years later, Charlotte "Charlie" St. Clair came to Eve looking for her cousin, Rose, who had become linked with René and supposedly died during WWII. Figuring out that her enemy was alive after all, Eve set out to find and kill him. At the same time, Eve and Charlie found similarities in their lives and bonded as friends. Charlie's mother had brought Charlie from their home in New York City to England for an abortion. Charlie manipulated their trip plans so that she could go to Eve, a woman whose name she had found in the search for her cousin, Rose. Charlie believed her cousin was still alive and was hoping that Eve could help find her. Eve agreed to assist Charlie but had her ulterior motive. René, the man for whom Rose had worked at one point, was Eve's enemy. She had made it her life's work to hunt René down and kill him. In WWI, Eve had wanted to take part in the war; however, she was unable to do so not only because she was a woman but also because she had a stammer. She was recruited as a spy and worked in René's restaurant, Le Lethe, in German-occupied Lille. Because Eve could speak German, she should snoop on the German officials René catered to in his restaurant. Even though Eve had hoped that René would not notice her, he requested she become his mistress. Eve agreed because she believed she might be fired from her job and lose her task as a spy if she did not. After Eve and Lili were arrested while looking to get through a German checkpoint on a one-person safe passage pass, René closed his restaurant to take care of Eve. He suspected she became a spy and wanted to find out for sure. At some point in the night, René smashed all of Eve's knuckles as he questioned her about the lady with whom she had been arrested. The following day René turned Eve over to the Germans. He claimed that she had informed him of everything about Lili while she was under the influence of a dose of opium that he gave her. Eve blamed herself for betraying her friend, a betrayal that brought about Lili, Eve, and Violette, any other spy, being sentenced to jail. Lili died in prison. Eve blamed herself for Lili's death. In the meantime, Charlie found out that her cousin, Rose, had died in a bloodbath within the village of Oradour-Sur-Glane. Eve discovered through her research that René had turned Rose in as a member of the resistance, which meant that he was responsible for Rose's death. Charlie agreed to assist Eve to find René, which resulted in Eve killing René and then turning the gun on herself. Charlie convinced Eve to live by telling her that she had found out that René had lied to Eve. Eve had never given René any facts about Lili or the Alice Network, a collection of women spies that Lili oversaw. The data instead came from an old cellmate of Lili's. A Pocket Full of Murder Feb 29 2020 A magical murder mystery set in a fantastical city fuelled by spell power. Isaveth Breck is brave, loyal, and zealous in the pursuit of justice, especially after her father is wrongfully arrested. Quiz, the eccentric eye patch-wearing street boy who befriends her, swears he can't resist a good mystery. Together they set out to solve the magical murder of one of Tarreton's most influential citizens and save Isaveth's beloved papa from execution. But as the list of suspects grows, finding the culprit becomes more of a challenge than the two young detectives anticipated. As her father's sentencing looms closer, Isaveth depends more and more on Quiz to help her solve the mystery. But when she discovers that the boy she trusted as an equal is far more privileged than he seems, it casts his motives into doubt and puts their whole partnership in jeopardy. And then Isaveth realises that Urias Breck was deliberately framed, and that the real murderer is protected by the powerful Lord Mayor of Tarreton himself. Can she ever prove her papa's innocence in time...?

Test Your Bible Knowledge Jan 28 2020 People are passionate when it comes to the Lord's word, as the Holy Bible has remained in the top-most rank of bestselling books of all time. *Test Your Bible Knowledge* is a fun, informative, and entertaining way to see how well you know the Good Book. Trivia expert and author Wilson Casey has compiled 1,206 fascinating questions about the people, history, stories, and facts from the Bible. Each page is a separate quiz with six enlightening and fresh questions with multiple-choice answers. In addition, every correct answer includes references to the relevant chapter and verse in scripture for further study and clarification. It's the perfect companion for the multitudes wanting to test their biblical knowledge (and keep score if desired). The quizzes cover the entire scope of the Holy Bible, exclusively based on the beloved King James Version. Readers may play as many of the quizzes as desired per sitting, and can skip around or complete them in order. And for easy lookup and reference, there's a thorough index at the book's end. Whatever your age, *Test Your Bible Knowledge* guarantees hours of enlightening fun.

Alles zerfällt Nov 07 2020 Der Afrika-Roman, der die moderne afrikanische Literatur begründete und die Weltliteratur prägte – endlich in neuer Übersetzung! Chinua

Achebe erzählt von Verrat und Rache, von Leidenschaften, die keine Ruhe finden, und von Sehnsüchten, die keine Zukunft haben. Okonkwo, stark und jähzornig, stößt sich an den strengen Stammesregeln und zerbricht an dem Regime der britischen Kolonialherren. In seinem Meisterwerk beschreibt Achebe den Konflikt einer archaischen Kultur in einer Sprache, die rituell-sprichwörtlich, dokumentarisch und elementar poetisch ist: Mit diesem Roman erhielt der Kontinent eine Stimme.

The Everything Guide to Codependency Sep 25 2019 Do you find it hard to set boundaries and take care of your own needs? Sowle helps you learn how to identify your own destructive behavior, regain self-esteem, and set healthy boundaries in all types of relationships.

The World of Anne Frank Nov 19 2021 Provides background information on Anne Frank and her times

Summary of Killing the Mob Jul 24 2019 Summary of Killing the Mob In Killing the Mob, Bill O'Reilly and Martin Dugard recount the history of organized crime in the United States and describe the concerted efforts that various government agencies and officials took to bring key figures in the criminal underworld to book. Killing the Mob is divided into three parts bookended by a prologue and postscript. The first part, titled "The Gunners," covers the exploits of the infamous serial robbers of the 1930s, including John Dillinger, "Pretty Boy" Floyd, and Bonnie and Clyde, and the brutal violence that came to define that decade. The second part, "The Corruptors," traces the rise of the Italian-American Mafia, alternately known as the Mob, Syndicate, or Cosa Nostra, from the time it helped change the course of the Second World War in 1943 to the time it infiltrated John F. Kennedy's presidential campaign in 1960. The last part, "The Subversives," documents the ways the Mob invaded every facet of American life— from movies and music to labor unions and presidential elections— and relates the investigations, the cunning, and the betrayal that eventually crippled much of its influence and activity in the mid-1980s. Although the scope of Killing the Mob is the period between the 1930s and mid-80s, O'Reilly and Dugard go back and forth in time to place key events in context. They chronicle the arrival of Italian immigrants in New York City in the early 1900s, Prohibition in 1920, and the Great Depression that started in 1929 to explain how organized crime was birthed and how it spread across the country. In the postscript, the authors narrate what happened to the last of the old-school mobsters and the crime families they led. Here is a Preview of What You Will Get: ? A Full Book Summary ? Rozakis. Plus hundreds of "Fun Facts to Know & Tell" and behind-the-scenes stories of Bob's career in comics.

Summary of The Code Breaker Mar 31 2020 Summary of The Code Breaker - Jennifer Doudna, Gene Editing, and the Future of the Human Race - A Comprehensive Summary This blockbuster book sees Nobel-winning organic chemist Jennifer Doudna through a wonderful magnifying lens. Toward the beginning of November 2018, twin girls — Humdinger and Nana — were born by caesarian section in a Chinese emergency clinic. Their introduction to the world probably would have gone undetected outside of the family aside from one factor: They were the world's first genetically altered infants. A Chinese researcher, He Jiankui, altered their genes apparently with an end goal to shield them from being tainted with the HIV infection, utilizing a gene editing tool called CRISPR. The declaration of genetically altered children was met with awfulness and shock, especially in mainstream researchers. He lost his employment and was sentenced to three years in jail. These potentials and extensive results of quality-altering innovation are topics going through Walter Isaacson's new book *The Code Breaker: Jennifer Doudna, Gene Editing, and the Future of the Human Race*. Coming in at almost 500 pages, the book jumps into the substance of life and the powerful universe of genomes and hereditary coding, or what Isaacson calls "the third extraordinary upheaval of present-day times," following the article, and the piece which prompted the advanced unrest. For the unenlightened — those people who can't tell their DNAs from RNAs — understanding this new wilderness in science can be somewhat overwhelming. Take this model almost immediately in the book when Isaacson clarifies the distinction between the two: "RNA (ribonucleic acid) is a particle in living cells that is like DNA (deoxyribonucleic acid). However, it has one more oxygen molecule in its sugar-phosphate spine and a distinction in one of its four bases. Here is a Preview of What You Will Get: ? A Full Book Summary ? An Analysis ? Fun quizzes ? Quiz Answers ? Etc Get a copy of this summary and learn about the book.
